

TextEditor

IEditorPart

com.fware.cspdt.cspm.editor.CspMEditor

```
graph BT; CspMEditor[com.fware.cspdt.cspm.editor.CspMEditor] --|> TextEditor[TextEditor]; CspMEditor --|> IEditorPart[IEditorPart];
```

The diagram illustrates the relationships between three classes. At the top, there are two boxes: 'TextEditor' on the left and 'IEditorPart' on the right. Below them, centered, is a third box labeled 'com.fware.cspdt.cspm.editor.CspMEditor'. Two vertical lines extend upwards from the top of the 'com.fware.cspdt.cspm.editor.CspMEditor' box. Each vertical line then turns horizontally to the left and right respectively, ending in arrowheads pointing towards the bottom of the 'TextEditor' and 'IEditorPart' boxes. This indicates that 'com.fware.cspdt.cspm.editor.CspMEditor' inherits from or realizes both 'TextEditor' and 'IEditorPart'.
